

Bosch 500 Series Heat Pump Dryer

SPECIAL RECOGNITION FOR
EFFICIENT TECHNOLOGY

Home Connect

Awarded the ENERGY STAR® Most Efficient Mark in 2022, the Bosch 500 Series Heat Pump Dryer is a sustainable, ventless and compact laundry solution.

It efficiently dries clothes with a 60% reduction in energy use.* The dryer is recognized as America's most efficient dryer,** with a self-cleaning condenser and technology to help reduce consumers' eco footprint. The Bosch 500 Series Heat Pump Dryer features Home Connect™ for remote monitoring via smart device.

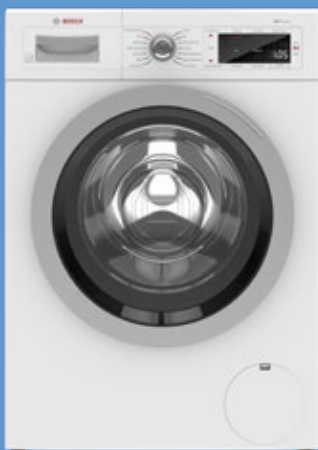

*(kWh/year) As compared to ≤24 inch ventless, condensate dryers with ENERGY STAR certification

**Based on DOE/EPA energy test procedures of compact dryers ≤24 inches with ENERGY STAR certification
