

## Daikin ATMOSPHERA with Daikin One+ Smart Thermostat

SPECIAL RECOGNITION FOR  
LOW-GWP REFRIGERANT

The Daikin ATMOSPHERA is the first R-32 single zone ductless unit in North America with high efficiencies up to 27.4 SEER, 13.8 HSPF, and 16.3 EER, available in four sizes from 9,000 to 24,000 BTU. Daikin ATMOSPHERA reduces the GWP by up to 80% compared to similar R-410A systems.

The Daikin One+ Smart Thermostat is designed exclusively for Daikin equipment. The thermostat is also supported by an app that allows a homeowner to control their Daikin system from anywhere, or via several wi-fi voice assistance controllers. Seven-day scheduling, "away" mode, and geo-fencing promote energy efficiency.

## Product Specifications

- **AHRI Certified** Reference #207158009
- **SEER:** 27.4
- **EER:** 16.3
- **HSPF:** 13.8
- **Capacity Ratio 17°F/47°F:** 60.0%
- **Capacity:** 9,000 BTU/h
- **Refrigerant:** R32 (low GWP)
- **CEE Tier 1 and CEE Energy Management Criteria**
- **Connectivity Protocols:** Wi-Fi
- **Platform Compatibility:** Amazon Alexa, Google Home, Open API (Crestron, Control4)
- **Warranty:** 12 year limited replacement warranty with registration
- **Energy Management Features:**  
Geofencing, outdoor temperature sensing, vacation or away mode

Available in WA, OR, FL, NC, ME, and VT  
(at time of publication).
