

Hilo Services Inc. Smart Home Solution

SPECIAL RECOGNITION FOR
UTILITY PARTNERSHIP

Hilo, a subsidiary of Hydro-Québec, offers a turnkey smart home service that enables its customers to easily optimize their electricity use while earning cash rewards. Using an intuitive mobile application, they can control their connected devices even when they're not at home, thereby using only the energy they really need.

Since the spring of 2022, Hilo has also offered simple, reliable technological solutions to businesses looking to automate and manage their energy requirements.

Other products and services will be added in the future, particularly in the areas of electric transportation, smart storage and self-generated solar.
