

## Orro One and Orro S

THE SMART LIVING SYSTEM

**Orro is a privacy-focused, smart home system that supports better living and makes it easier to manage your home with all the technology built into your walls.** This includes intelligent lighting, control of your other smart home devices and intuitive automation that proactively responds and adapts to your life.

The **Orro One** combines the intelligent light switch with a simple way to take control of your smart home. Go beyond Orro Lighting with a flexible, digital interface that puts touch and voice controls for your smart home in any room.

**Orro S** is an intelligent light switch that proactively responds and adapts to you. With built-in sensors and local intelligence, the Orro S puts your lighting on autopilot and powers your proactive smart home.
