

MaxLiteHome Smart Home Starter Kit

MaxLiteHome™

MaxLiteHome Smart LED Bulb Model#

E9A19SMTR: The MaxLiteHome SMART A19 Lamp offers a wide range of color temperatures, adjustable from 2700K to 6500K. By effortlessly rotating the dial within the Tuya app, you can easily assign various colors to the lamp. Complete control over the lamp's functionality, from powering it on to tuning the colors, can be achieved using most smart home hubs like Google and Alexa.

MaxLiteHome Smart Powerstrip Model#

APS-6/USB/SMTR: The MaxLiteHome Smart Power Strip boasts four individually controlled outlets that can be conveniently managed using an app. It also includes two USB charging ports for small electronic devices, although these ports are not controlled through the app. For easy identification, you can assign custom names to each of the four outlets within the Tuya app. Experience effortless control over your devices with this versatile strip directly from most common smart home hubs like Google and Alexa.

MaxLiteHome Smart Wall Plug Model#

WP-SMTR: The MaxLiteHome Smart Wall Plug allows you to control a variety of devices, including desk and table lamps, table-top fans and Christmas tree lights, etc., directly from most common smart home hubs like Google and Alexa.

Enjoy the convenience of managing your devices effortlessly and remotely, all with a simple tap on your smartphone using the Tuya App.
